

Christopher Peacock

A global leader in luxury lifestyle interiors.

Christopher Peacock remains the benchmark for taste and understated elegance which has graced many of the world's most luxurious private estates and residential developments across the globe. Including high profile clients from the world of arts, sports and business.

Whether it's a Kitchen, Library, Master Bathroom and Dressing Room or a simple Laundry room. The same attention to detail and practical design follow through the entire process. From the initial design concepts to the finishing process and on-site installation the same care is provided throughout.

Spectacular hardware provides jewellery like finishing to the furniture and the exceptional joinery and material selections ensure that beauty is not only skin deep.

The company philosophy has always been to produce hand crafted cabinetry of the highest quality, using the finest materials and offering an unparalleled level of professional service to its clientele.

Christopher Peacock offer a full turn key service from concept to completion to make the experience seamless.

A visit to the inspirational showroom where you can see a wide selection of rooms including The Refectory Collection with its impressive island and elegance of New Hampton styling.
